Meeting of Outreach Subcommittee, Conservation and Climate Outreach Commission

Oct. 17, 3 pm at Geos Institute, 84 4th St, Ashland, OR

Commission Members attending: Larry Cooper, James McGinnis, Marion Moore

Members of public attending: Julie Caldwell, Flavia Franco, Cory Tronson, Ann Barton, Catie Faryl

Discussion on Larry's video:

Larry is now editing the video. Is it appropriate to have "City of Ashland" name on it when put up on youtube?

Discussion on neighborhood meetings:

First presentation/meeting will be at Pachamama Drawdown potluck on Nov. 2.

Marion did a "dry run" of the CEAP presentation which will be used at meetings. Many helpful suggestions were made on how to present, and on further actions and information that could be presented.

More people need to be involved in setting up and running meetings.
