

Ashland Forest Resiliency Stewardship Project

Ashland Forest Resiliency Public Tour July 16th

On **Saturday, July 16th** from **9am to 1pm**, join Ashland Forest Resiliency Stewardship Project partners on a tour in the Ashland Watershed. We'll view areas where recent helicopter thinning reduced wildfire hazard and promoted healthier, more resilient forests. We'll also see controlled burns and discuss using controlled fire to lessen wildfire's impacts and restore fire's long absent role in maintaining ecosystem health.
