August 31, 2015, Study Session

Ashland Fire & Rescue Operational and Staffing Information

FROM:

John Karns, Fire Chief, Ashland Fire & Rescue, karnsj@ashland.or.us

SUMMARY

This is the second study session pursuant to a request by the Mayor to discuss the mission and future of Ashland Fire & Rescue.

BACKGROUND AND POLICY IMPLICATIONS:

Following the Budget Committee's review and approval of Ashland Fire & Rescue's 2015-17 biennial budget, Mayor Stromberg requested a study session discussion of the future of AF&R. Specifically, the mayor requested that we identify the discrete elements of AF&R; how they relate to the mission of the department, how much they cost and which components the City will continue to offer in order to achieve the mission. While the staffing level for the department has remained static for over 20 years, the call load has increased dramatically. The department often finds itself with inadequate resources to respond to emergencies in Ashland. The first study session was held on August 3. At that meeting insufficient time was available to cover the topic adequately.

The mission statement of AF&R is as follows: "Ashland Fire & Rescue is dedicated to protecting lives, property, and the environment. By delivering fire suppression, emergency medical, disaster management, fire prevention and public education services by professionally trained, dedicated personnel, we strive to achieve the highest quality of public service to our customers."

COUNCIL GOALS SUPPORTED:

Public Safety

23. Support innovative programs that protect the community.
