# Homeless Services Masterplan Subcommittee Meeting Agenda

**Homeless Master Plan Subcommittee charge:** Develop a document (plan) that outlines the City's role in providing and supporting resources and services that address the issues of homelessness in the Ashland Community. The objectives of the Plan are to

- 1) produce a map of the homeless response system, and
- 2) identify local strengths, weaknesses, and performance gaps

to better inform and plan for the City's investments of limited resources to address issues of homelessness in the Ashland Community.

Subcommittee Actions will include:

- An assessment of the current homeless response system (including the Continuum of Care (CoC) and suggest some options for improvements.
- Engaging community members in providing feedback about the City's role in providing and supporting resources to address issues of homelessness.

Other areas of assessment may include an inventory of the following, by sub-population for both Ashland and the region.

- Affordable housing
- Permanent supportive housing
- Rapid rehousing
- Transitional housing
- Shelter beds
