# DIY Class for Indoor Air Quality

**FREE IAQ SUPPLIES!**  
**Build your own DIY**  
**Filter (a \$50 value)**

Learn health actions to prepare for summer smoke! Partners from Smokewise Ashland will provide a free air filter and fan to build your own filter! On May 22nd, we will have two class times at the Ashland Senior Center (1699 Holmes Ave., Ashland, OR). *There's a 25 person class limit for each class. Each participant can build their own DIY air filter.*

***All are welcome to join:*** Please let us know if you require special accommodations.

## Topics

- Build a DIY air filter
- Local resources for AQI & smoke information
- Emergency notifications
- Selecting an air purifier
- Low-cost solutions for improved indoor air
- Making a clean room

**Wednesday, May 22nd**

1st Class: 1:00 to 2:00 pm

2nd Class: 2:30 to 3:30 pm

*\*Two times, both classes are the same.*
