

## REPLACEMENT FOOD STAMP BENEFITS – DISASTER

---

An Oregonian may request replacement of SNAP (Food Stamp) benefits due to a disaster. The request must be received within 10 days of the disaster or loss, either verbally or in writing (please call your local office ASAP so that your request can be documented).

- Submit a signed statement attesting the loss
- Provide a detailed list of the lost or spoiled food
- List the amount paid for that food

An eligibility worker will review the amount of food lost/spoiled. The amount may not exceed one month's allotment. At this time, Pandemic EBT benefits cannot be replaced.

Please reach out to your local DHS office (or near where you are staying) to see what you could be eligible for and to be connected with other resources.
