January Training Opportunities

Jackson County Health & Human Services Public Health Official, Kristin Fettig, and colleague Stacy Brubaker will deliver the highly anticipated Mental Health First Aid course Saturday, January 11. Just as CPR helps you assist an individual having a heart attack, Mental Health First Aid helps you assist someone experiencing a mental health or substance use-related crisis. In the Mental Health First Aid course, you learn risk factors and warning signs for mental health and addiction concerns, strategies for how to help someone in both crisis and non-crisis situations, and where to turn for help.
