Which competition is your submission for? (circle one):

Competition #1 – Sustainability Performance

Competition #2 – Make your school more sustainable

If your submission is for Competition #1, please list the type of performance and/or artwork that you are submitting. We will call you to set up a viewing of your work.

If your submission is for Competition #2, please submit a 2-page report (no longer!) addressing the following questions:

1. Describe the project and how it relates to sustainability.
2. How many students participated in any way? Describe.
3. What were/are the goals of the project? Were they achieved?
4. Has it been implemented, or is it in the planning stages? What is the timeline?
5. What were/are the challenges of getting this project implemented?
6. How much will/did it cost?
7. Describe (or calculate) the savings in energy, resources, and/or money?
8. Were there other benefits (such as health, air quality, cleaner water, social justice)?
9. Other information you would like to share.
