ASHLAND AIRPORT COMMISSION

August 1, 2017

MINUTES

Members Present: Lincoln Zeve, David Wolske, Susan Moen, Bob Skinner, Daniel Palomino, Bernard Spera and Bill Skillman

Members Absent: George Schoen, Mike Morris (Council Liaison), William Butler, and Scott Fleury (staff)

Staff: Kaylea Kathol

Guests: none

1. CALL TO ORDER: 9:35 AM
2. AGENDA ITEM ADDITIONS: None
 - A. Public Forum: None
3. APPROVAL OF MINUTES: Motion to approve minutes as submitted by Moen, 2nd by Skillman, all approved.
4. OLD BUSINESS:
 - A. Action Item List:
 1. Riparian Restoration: No update
 2. Paving dirt areas around the hangars: No update
 3. Hangar enclosure project: No update.
 4. Segmented circle painting: Complete. This will be removed from future agenda.
 5. Tree topping project: No update
 6. Airport website/webcams: Installation complete. Cams are functional and can be viewed from website. Zeve felt directional indication could easily be placed on image to show North/South. Image is saved to City's FTP site and overwritten every minute. Directional indication cannot easily be placed on an image that is continuously overwritten. Zeve suggested camera angle can easily be adjusted to better show Siskiyou pass and cloud canopy. Skinner remarked that camera angle is fixed and cannot be adjusted.
 7. Entry Road Landscaping: Zeve requested staff pressure parks to quickly evaluate existing irrigation. Kathol explained Parks is unable to provide a time estimate currently due to other priorities. Staff anticipates Parks being able to evaluate irrigation in late fall.
 8. Trip hazard: no update (walking surface around JLC hangar door changes

grade abruptly, presents tripping hazard. Staff has scheduled site visit with Street Department Supervisor to discuss and initiate improvement.)

- B. ODA Grant Application/Master Plan Update: Kathol to ask Fleury status of these items.
- C. FBO Bathroom Update: Kathol requested commission write specifications for desired updates to bathroom, as Kathol does not feel comfortable making airport's design decisions. Spero indicated bathroom should mimic public restroom design in Community Development building. Kathol repeated request for list of specifications.
- D. FBO Lease Update: Lease has been finalized.

5. NEW BUSINESS:

- A. Airport Good Neighbor Items: Skinner received complaint from neighbor about a plain doing touch and goes for about 1 hour last month. Commission wondered if Planning Department still requires parties buying homes near airport to sign a statement acknowledging proximity to airport and forfeiting any expectation of City's reaction to a noise complaint.
- B. Airport Day Wrap Up: Commission to invite Dawn to next meeting to plan Airport Day 2018. Moen requested additional money for children's' entertainment
- C. Skylark Assisted Living requested use of airport for Ageless Aviation event. Second week in September, dates TBD. They wish to begin process of securing airport now. Skinner is coordinating. Commission supports this activity.

6. FBO REPORT(S):

- A. Attached: None.
- B. Maintenance Updates: Noise abatement sign down at south end of runway. A member asked when posts from old sign will be removed. Skinner stated he believes posts may be placed in concrete and not easily removed.

7. INFORMATIONAL ITEMS:

- A. Brown Bag: Wolskey unsure of whether this is still happening. Moen to find out.
- B. Transportation Commission: None.
- C. Medford Update: None.

NEXT MEETING DATE: September 5, 2017 beginning at 9:30 AM

ADJOURN: Meeting adjourned, time not recorded

Respectfully submitted,

Kaylea Kathol
Project Manager
Public Works Department

Scott Fleury

Subject: Inquiry: City of Ashland Airport Usage for Event

Ashland Airport Commission: Mr. Bill Butler and Scott Fleury,

We here at SkyLark Assisted Living (<http://www.skylarkassistedliving.net/>) are beginning our plans to host the second Annual "Dream Flight" event in conjunction with the Ageless Aviation Dreams Foundation (<http://www.agelessaviationdreams.org/>), to take area veterans, who are in assisted living communities, up in the air.

Last year, thanks to your help and support, the event was a huge success. We had nine veterans go up (for 20 minutes of glory over the valley), we invited SOU's ROTC cadets to be the color guard for the opening ceremony and to present each resident-veteran with a special thank-you-for-your-service Dog Tags, we invited the Mayor as well as now, State Senator Alan DeBoer to speak, etc...

As we have received the schedule from Ageless Aviation, the event is positioned to take place in during the second week in September (some time between the 8th and 11th) dates are soon to be confirmed. However, we'd like to begin the process of securing use of the Airport now if possible.

The Ageless Aviation Dreams Foundation is a non-profit organization established and dedicated to honoring Seniors and United States Military Veterans. The primary focus is on individuals living in long-term care communities.

The Foundation is able to provide Dream Flights in their Boeing Stearman biplanes, the same aircrafts used to train many military aviators in the 1940's.

In 2015, the Foundation's three Stearman's traveled the country providing the Dream Flight experience to 646 "golden" men and women. Last year that number rose to over 800!

See youtube video:

<https://www.youtube.com/watch?v=1gUzK5Hhc9Q&feature=youtu.be>

(during the first 25 seconds you'll hear static, reminiscent of the 1940's era radio transmissions).

We are planning to reach out to the greater community and make it a Seniors Celebration and Appreciation event.

Thank you and we look forward to working together with you, once again!

Much Thanks,

Ed
