Statement:

The labor agreement with the IAFF, who represent the firefighters and paramedics, expired June 30, 2006. Attached is the negotiated tentative agreement.

Background:

The City has 5 separate collective bargaining groups plus its unrepresented employee group. We have consistently targeted the average salaries of our comparable labor units in making salary adjustment. The agreement is being brought to the Council with a recommendation from management staff for ratification. The basic changes from the recently expired agreement are as follows:

1. We have agreed to annual wage adjustments of five percent per year, to help us reach a target of our average comparables, less 0.5% which the union agreed to give up this time in order to achieve an adjustment in the structure for our engineers and captains.
2. We restructured the pay for our engineers and captains so that the lowest step engineer is 3% higher than the top step firefighter and our lowest step captain is approximately 4.6% higher than our top step engineer. This resulted in an increase in costs to the City of approximately 0.7% and in order to achieve this, the union agreed to reduce the goal in relation to our comparables to be 0.5% less than the average comparable.
3. We amended language in the health insurance package to undo an arbitrator decision which ordered the City to make the firefighters whole for changes made to the health insurance plan which resulted in a detriment to individual members.
4. In exchange for the amendments to the health insurance language, we agreed to contribute \$25 per month into a deferred compensation plan for each member in the bargaining unit.
5. The agreement will be for a three year term.

Section 2. No Discrimination.

The provisions of this Agreement shall be applied equally to all employees in the bargaining unit without discrimination as to race, religion, creed, color, sex, age or national origin, sexual orientation, marital status, mental or physical disability or other protected status, unless based upon a bona fide occupational qualification in accordance with applicable law. Nothing in this Agreement shall be construed as precluding or limiting the right of an individual employee to represent himself in individual personal matters.

ARTICLE II

UNION SECURITY AND CHECK-OFF

Section 1. Union Security.

The terms of this Agreement have been made for all employees in the bargaining unit and not only for the members of the Union. Accordingly, it is fair that each employee in the bargaining unit pay his/her own way and assume his/her obligation along with the grant of equal benefits. Any bargaining unit employee who has not joined the Union within thirty (30) days of becoming a regular or probationary employee shall, as a condition of employment, pay to the Union an amount equal to the uniform dues of members of the Union.

Any individual employee objection based on bona fide religious tenets or teachings of a church or religious body of which such employee is a member will require such an employee to inform the City and the Union of his/her objection. In such event, the employee shall notify their immediate supervisor of absence due to illness or injury, and the nature and expected length of the absence as soon as possible prior to the beginning of his scheduled regular work shift, unless unable to do so because of the serious nature of injury or illness. A physician's statement of the nature and identity of the illness, the need for the employee's absence and the estimated duration of the absence may be required at the option of the City, for absences of over one shift (two work days for forty hour personnel) prior to payment of any sick leave benefits and/or prior to allowing the employee to return to work. If the Fire Chief has reason to believe sick leave is being abused, a physician's statement may be required as a prerequisite to payment of sick leave for one shift (two work days for forty hour personnel), provided the employee has been advised in advance of this requirement. In the event of the latter requirement, the City shall bear the cost of sending the employee to a physician designated by the City or to a physician mutually agreed upon by the employee and the City. Section 4. Sick Leave Without Pay.

Upon application by the employee, sick leave without pay may be granted by the City for the remaining period of disability after accrued sick leave has been exhausted. The City may require that the employee submit a certification from a physician periodically during the period of such disability, and before returning to work. After accrued sick leave has been exhausted, an employee may elect to use accrued vacation and/or compensatory leave for sick leave. The City shall notify an employee approximately 30 calendar days before paid sick leave is exhausted. An employee must file a written request for sick leave without pay to the Fire Chief, fourteen (14) calendar days before paid leave is exhausted, otherwise he shall be considered as having resigned his position with the City.

Section 5. Termination.

Sick leave is provided by the City in the nature of insurance against loss of income due to the illness or injury. Section 3. Appearances.

Leave with pay shall be granted for an appearance before a court, legislative committee, judicial or quasi-judicial body as a witness in response to a subpoena or other direction by proper authority; provided, however, that the regular pay of such employee shall be reduced by an amount equal to any compensation he may receive as witness fees.

Section 4. Required Court Appearances.

During collective bargaining sessions, bargaining team members may trade time without the application of ARTICLE XVI, Section 11, parts (d) and (e), and further without any records being kept by the City as to trade time debts between employees during such sessions.

Section 7. Educational Leave.

After completing one (1) year of continuous service, an employee, upon written request, may be granted a leave of absence without pay by the City for the purpose of upgrading his/her professional ability through enrollment in education courses directly related to employment at an accredited school or course of study. The period of such leave of absence shall not exceed one (1) year, but may be renewed or extended upon request of the employee and approval by the Fire Chief or his designee. One year leaves of absence, with requested extensions, for educational purposes may not be provided more than once in any three (3) year period. Replacements shall be considered temporary employees. Employees shall also be granted time off with pay for educational purposes, for reasonable lengths of time, to attend conferences, seminars, briefing sessions, training programs, and other programs of a similar nature that are intended to improve or upgrade the employee's skill and professional ability, when ordered or approved by the Fire Chief or his designee.

Section 8. Military Leave.

Military leave shall be granted in accordance with state and federal law. The City shall recognize the military year October 1 to September 30 for all employees.

ARTICLE XI COMPENSATION

Section 1. Pay Schedule.

Employees shall be compensated in accordance with the pay schedules attached to this Agreement and marked "Appendix B" which is hereby incorporated into and made a part of this Agreement.

19% for the second year (Step 2)

24% thereafter (Top Step)

When any position not listed on the pay schedule is established, the City shall designate a job classification and pay rate for the position. The Union shall be notified and the pay rate established by the City shall be considered tentative until the Union has been afforded the opportunity to meet and discuss the matter. If the Union does not agree that the classification or pay rate is proper, the Union may submit the issue as a grievance according to the grievance procedure or pursue dispute resolution procedures pursuant to ORS as appropriate.

Section 2. Pay Periods.

Employees shall be paid twice for every twenty-seven (27) day cycle.

(a) The first payday of the cycle will be a draw, and will reflect no more than one-half of the pay for regular scheduled hours for the full twenty-seven (27) day

cycle. The first payday will be on the twentieth (20th) day of the cycle, unless such day falls on a Saturday, Sunday or Holiday, in which case the payday will be the preceding work day.

- (b) The second payday of the cycle will reflect the total hours worked in the twenty-seven day cycle, less the draw amount paid in (a) above and all deductions, plus additions for premium pay (overtime, call-back, etc.) The second payday will be on the sixth (6th) day following the close of the twenty-seven day cycle, unless such day falls on a Saturday, Sunday or Holiday, in which case payday will be on the preceding work day.
- (c) A schedule showing all scheduled paydays shall be posted on Department bulletin boards, each fiscal year.

Section 3. Overtime.
