

ASHLAND

JACKSON COUNTY
OREGON

Sanborn-Perris Map Co.

115 BROADWAY, NEW YORK Scale 50 Feet to an Inch

JULY 1898

COPYRIGHT 1898 by the Sanborn-Perris Map Co. LIMITED

Population 2500 Prev. Winds S.E.

Water Survey: Water Supply covered and specified in the city and is exceptionally good. Water is taken from Ashland Creek at five points, one at 3 miles from the city at an elevation of 630 ft and one at 12 miles elev 550 ft and is conveyed through 10 miles of pipe with 31 6" x 2" branches. Pressure at high in places 50 lbs per sq. in. at 23 meters to houses 150 ft or lower. At house at 3 miles a high of 70 miles at places - 50 lbs and filters at head to prevent clogging. Ashland Creek is said to have abundance of water. The very best water available doubling the capacity of the system was **First Diver**. It was built 1892 at 125 feet some 1000 feet to buckets out of the fruit.

Volunteer Fire Co. of 20 men each. Fire alarm bell on City Hall at 100 ft. - Lights electric. Town built. Fire Limits shown by heavy red line on index.
