**5. Additional Information**

How long have you lived in this community? In total 17 years.

Please use the space below to summarize any additional qualifications you have for this position

At my current (and former) employer, I have to read and understand different standards with regards to governmental regulations. This can be from ASTM test methodology, to AASHTO to FAA to CalTrans to ODT to WSDOT. In past positions (chemist) I had to create coatings to meet or exceed the specifications from these agencies. This, I believe, gives me good insight into the needs of transportation.

Lastly, my great-great-grandfather (D.D. Good) was Ashland's first fire chief. He was also a business owner and civic leader and lived at the Beach/Good house. Interestingly, that house was moved to its' present location due to widening of Lithia Way. Ashland is also the birthplace of my great-grandmother and is a special place to our family.
