SUMMARY

Sheriff Nate Sickler is asking for the Council to approve two Resolutions to join a service district in support of the new jail and let the voters of Ashland decide whether or not the special district should be funded. There are two Resolutions (Resolutions 2019-31 and 2019-32) because it is unknown at this time if the City Council of the City of Talent will elect to join the service district.

BACKGROUND AND ADDITIONAL INFORMATION

Sheriff Sickler has presented information previously that demonstrates the need for a new county jail. The current jail is not adequate to meet the community's needs. Sheriff Sickler has been developing plans to build a new jail that will better serve the needs of the community and the police departments as well as those arrested.

The Jackson County Board of Commissioners intends to form a county service district (the District) for law enforcement services under the authority of Oregon Revised Statute (ORS) 451.010(1)(n). There are two distinct Board Orders: 1) one that proposes to include all county territory within the boundaries of the District, which would include the city of Ashland; and 2) a second which proposes to include all county territory within the boundaries of the District, including the city of Ashland but excluding the City of Talent. The name of the proposed district is the Jackson County Local Correctional Facility Service District. The proposed District would have authority to construct, operate, and maintain a local correctional facility in Jackson County.

Depending on whether the city of Talent is included in the Service District, the property tax implications will be as follows:

- \$0.8547 per \$1,000 of assessed value for the District, including all county territory, as authorized by ORS 451.547. For a residential property, for example, this would yield a property tax rate increase of \$85.47 per \$100,000 of assessed value.
- \$0.8719 per \$1,000 of assessed value for the District, excluding the city of Talent, as authorized by ORS 451.547. For a residential property, for example, this would yield a property tax rate increase of \$87.19 per \$100,000 of assessed value.

In order for the city of Ashland to be included in the District, the City Council must pass a Resolution consenting to the inclusion of the city into the District boundaries. Citizens of Ashland will only have the opportunity to vote on the District and associated tax if the City Council passes such a resolution.

FISCAL IMPACTS

To construct a new jail may have a positive impact on the City. For example, with a larger jail the City may not have to buy bed space to ensure that those who violate the law will not be immediately released. The cost of not building

a new jail has its financial consequences as well. For example, the Sheriff has presented information suggesting that the cost of crime per capita annually in Jackson County is approximately \$800.

STAFF RECOMMENDATION

While this is strictly a policy decision, Police Chief O’Meara recommends that the Council approve the resolutions and allow the Ashland voters to be part of making the decision on whether to fund the proposed new jail.

Sheriff Nathan Sickler

To all City Officials,

As you are aware, Jackson County is pursuing the possibility of creating a service district to construct and operate a new local correctional facility. Because there is a question as to whether or not all of the governing bodies of the local cities will vote to include their city within the boundaries of the service district, I have enclosed two proposals and the corresponding templates for your city to consider. I am hoping the City Councils will vote to adopt both resolutions so we can get this issue to the voters as soon as possible.

Based on prior actions there is a concern the City Council for the City of Talent may not vote to include the incorporated area of Talent within the proposed service district. In anticipation of this, we have prepared two resolutions we are asking the City Council's to consider passing both so we have an alternate plan in place.

The first resolution will be consenting to enter a district that includes all of Jackson County and is essentially the same information that was presented nearly six months ago but for a small rate increase. Due to time lapse and predictable increases in building costs, the new district rate is **\$0.8547** cents per \$1,000 of assessed value. The previous rate was \$0.8353 per \$1000.

The second resolution will include all of Jackson County except for the incorporated City of Talent. The district rate needed to support a correctional facility construction and operation without the City of Talent is **\$0.8719** cents per \$1000 of assessed value. The difference in tax rates between the two plans is **\$.0172** cents

We are hoping all City Councils will decide this is a matter for the voters to consider and pass both resolutions. After the City Council for the City of Talent determines whether it will move forward with allowing Talent residents to vote on the creation of the service district, a proposal can then move forward for consideration by the Jackson County Board of Commissioners.

Be assured that only proposal can move forward. The Board of Commissioners **cannot vote** to move both proposals forward and create two separate service districts. The law only allows the creation of **one** service district for a particular purpose and therefore there is no concern that both district rates could be assessed.

Sincerely
