preferred a roundtable to forming an ad hoc committee. The mayor suggested starting with a study session first. Council directed staff to further refine the ordinance for a future discussion.

XIII. NEW BUSINESS

1. Bonneville Power Administration (BPA) Wholesale Electric Contract Negotiation Presentation

Electric Director Tom McBartlett went through the presentation included in the packet:

- Notable Happenings Under Current Contract
- Post 2028 Provider of Choice
- Timeline
- Process
- Notable Point of Agreement
- Still Negotiating
- Links
- Questions

Mr. McBartlett explained the \$1.3million was in the electric supply as a bill credit. BPA would remove approximately \$148,000 from the city's monthly bill for those months.

Mr. McBartlett addressed capacity. The electric system was built well and currently uses less than half the capacity available. The Mountain Avenue substation was designed to double in size and capacity and with improvements, could feed the entire city from one location if needed.

The EPA was allowing the use of non-federal resources. BPA would be open to other forms of energy over time. Currently, secondary market power is expensive. Staff had integrated solar into the rate design.

The Ashland electric base fee was \$16 dollars for residential. Pacific Power had a base fee of \$11. Their kilowatt hours were under 12 cents and Ashland's was 7 cents.

The \$1.3 million credit would result in no rate increases for this year and possibly next year.

Mr. McBartlett explained take or pay. BPA would provide and the city would purchase all its energy needs from BPA for the Tier 1 load. If the city decided to get energy from another resource, the city would still purchase that energy from BPA for the Tier 1 load. If the load went above Tier 1, the city could feed that level with any resource including BPA.

2. 2021-2023 BN Quarterly Financial Report

Deputy City Manager Sabrina Cotta introduced Finance Director Mariane Berry and provided a presentation included the packet:

- Quarterly Report
- Financial Highlights
- Overview

- Summary of Fund Balances
- Overview
- Questions

Ms. Cotta explained why funds were outperforming. They were able to leave money in longer than expected and it created a compounding effect. Additionally, a former interim finance director made sound investments. The city was coming out of a strange time regarding covid and staffing levels. As things normalize there will be a drop in these funds in terms of cash in, cash out.

3. Resolution 2023-08 Adopting the Ashland Housing Production Strategy

Community Development Director Brandon Goldman and Housing Program Manager Linda Reid. Beth Goodman from ECONorthwest provided a presentation that included:

- Ashland: Housing Production Strategy
- What is a Housing Production Strategy (HPS)?

4. Class Special Procurement Sourcing Method Approval for "C" Mix Asphalt

Public Works Director Scott Fleury explained the request was for asphalt used by the Street Division. Approval would cover a five-year period from July 1, 2023, to June 30, 2029. It would allow staff to bypass the formal bid process, utilize local asphalt vendors and use an informal process with updated quotes on a 3–4-month cycle within the city.

Typically, the National Guard was brought in once a jurisdiction had exhausted city, county, and state resources.

Mr. Burns addressed the change to Nixle. Nothing would change except the name would be Everbridge. He went on to speak about accessibility between agencies, and that efforts were being made.

Ashland School District, Southern Oregon University and City staff would go through the CERT training.

Councilor Hyatt/Hansen m/s that City Council authorize the city manager to enter into an intergovernmental agreement as proposed with Southern Oregon University and the Ashland School District to establish a joint emergency operations center and emergency event planning. Seeing this effort with other institutions made her feel proud and settled. Roll Call Vote: Councilor Hyatt, DuQuenne, Bloom, Hansen, Kaplan, and Dahle, YES. Motion passed.

2. Contract for City Council Chamber Audio-Video-Broadcast Updates with CDW Government LLC

Department of Innovation & Technology Director Jason Wegner explained how the upgrade would make the system in chambers fully hybrid so everyone could see everything in person and remotely.

They had not gotten to the details of automated microphones or split screens but would be meeting with RVTV about that and other elements.

Councilor Bloom/Dahle m/s to approve a contract with CDW to upgrade council chamber audio-visualbroadcast equipment. DISCUSSION: Councilor Bloom commented on the timing noting that just the night before, there were issues with citizens seeing the presentations. Councilor DuQuenne agreed.
