

CITY OF ASHLAND

Request for Proposals **Housing Trust Fund**

The City requests proposals from eligible applicants for the award of up to \$179,000 in City of Ashland Housing Trust Funds.

Background

The City of Ashland Affordable Housing Trust Fund was created to keep the Ashland community diverse by facilitating the production and preservation of affordable housing throughout Ashland. The City Council understands the changing nature of the housing market and therefore has established the policies and procedures for administering the AHTF to remain flexible to respond to changing market conditions and opportunities.

The primary purpose of the AHTF is to encourage the creation of housing for homeownership or rent, at a cost that will enable low and moderate income families to afford quality housing while paying no more than thirty per cent of gross household income on housing. To promote the rehabilitation, preservation and production of quality, well designed rental and ownership housing the AHTF will award funds to community development partners that are furthering the AHTF mission.

It is expected that the local contributions made through Ashland's Affordable Housing Trust Fund will leverage of State and Federal funds, as well as encourage private sector investment in affordable housing. To address the disparity between the cost of housing and the means of resident households to afford housing, the Affordable Housing Trust Fund aims to provide direct financial support to projects that retain or increase the supply of needed housing for households earning less than 120% the Area Median Income as defined by HUD.

Eligible Applicants

The Affordable Housing Trust Fund is structured to ensure that many different types of organizations are eligible to receive financing. Eligible applicants include governmental subdivisions, community development corporations, local housing authorities, community action agencies, community-based or neighborhood-based non-profit housing organizations, other non-profit organizations, for-profit entities, and private employers.

Match Requirements

The Ashland Housing Trust Fund is intended to support the development of needed housing, but is not intended to provide the sole source of funding for any development project or housing program. To ensure that affordable housing providers, and organizations that assist individuals and families in obtaining needed housing, do not rely exclusively on AHTF to support their activities, it has been determined that;

The Affordable Housing Trust Fund contribution shall not exceed more than 50% of the total project, or program, cost. Required Match can be met utilizing Community Development Block Grants, State or Federal Funding, direct contribution from the applicant, private donations, and the contribution of land, materials or labor to the project.

In the case that land previously owned by the applicant is considered as required match, the value of the land shall be determined by a City approved certified appraisal completed by the applicant, unless otherwise directed in Oregon Revised Statute or City Municipal Code.

The valuation of land, and available equity to be considered as matching funds, shall be verified by the City prior to the disbursement of an AHTF grant when its value is considered as required matching funds.

Donated materials and labor which are proposed as required match through the development of a project shall have their value estimated at the time of application. The actual value of these contributions is subject to verification by the City at completion of the project.

Award recipients shall provide verifiable accounting for donated labor and materials, when such was necessary to satisfy the AHTF match requirements.

A recipient of an AHTF grant that fails to verify the match requirements have been satisfied at the conclusion of a project would be considered cause for the City to require full or partial repayment of any AHTF grants awarded to a project.
