

Ground Rules for Brainstorming

* *Word or phrase, not statements*

- Listen to others & hopefully their ideas will inspire ideas from you
- No bad ideas
- All ideas will be written down on White Board/Flip Chart
- Just state your idea for a goal without elaboration
- Refrain from advocating for your idea
- Avoid commenting, positive or negative, about the ideas of others
- After we have listened to all the ideas we have gathered, we will discuss the ideas & hopefully agree on a goal statement
