Work

Email spiritualdances@gmail.com

Fax

1. Education Background

What schools have you attended? University of Illinois at Chicago

What degrees do you hold? Bachelors of Science in Accounting

What additional training or education have you had that would apply to this position?

Associate degree in Administrative Office Systems, College at Russian Ministry for Foreign Affairs

2. Related Experience

What prior work experience have you had that would help you if you were appointed to this position?

12 years of experience in public accounting, specifically working in the not-for-profit sector

Do you feel it would be advantageous for you to have further training in this field, such as attending conferences or seminars? Why? It might help to learn more about governmental accounting as

I haven't had any experience in this industry besides taking classes in school.

3. Interests

Why are you applying for this position?

I quit the corporate world after I moved to Ashland and fully

concentrated on my own business, which has nothing to do with accounting/audit. I still hold a CPA license and would like

to keep it. I thought it would be good for me to volunteer on the commission so I stay involved with accounting industry.

4. Availability

Are you available to attend special meetings, in addition to the regularly scheduled

meetings? Do you prefer day or evening meetings? I am pretty flexible if I don't have any scheduled

sessions with clients. Evening meetings would work better though.

5. Additional Information

How long have you lived in this community?

Almost a year and a half

Please use the space below to summarize any additional qualifications you have for this position

I liked accounting profession but it was taking too much of my personal time and it was very draining. I also started another

business that I really enjoyed that gave me lots of flexibility without having the same pressure. I would like to

be involved in the accounting industry without having this pressure that is normally found in the public accounting

industry. I really like living in Ashland and want to give back to the community. I also want to learn more about

the financial ins and outs of running the whole city and get involved in this process. I also currently serve

on the Finance Committee of Mount Ashland and it makes me feel really good knowing I am somehow helping

the community and the resort as well. It really makes me feel happy and seeing how committed people are

who serve on the board/committees there and how proud they are to be a part of it. I think it's really different

when you come to work place because you have to do it vs. when you put your whole heart into it.
