## **BACKGROUND AND ADDITIONAL INFORMATION**

Prior to 2003 the City of Ashland maintained an in-house 911 dispatch center. Since 2003 the City has contracted with an outside agency to provide consolidated dispatch services. At first the City contracted with the City of Medford. In approximately 2009 Medford dispatch operations combined with the County's dispatch operations and together they became Emergency Communications of Southern Oregon (ECSO). All 911 calls in Jackson County go to ECSO, and all emergency services (except for Oregon State Police) are dispatched by ECSO. Having one regional dispatch center, as we have with ECSO, represents the most cost effective and efficient way to handle emergency and first responder communications.

The APD as well as AFR, contract with ECSO for emergency dispatch services. There is no viable option other than ECSO available to fulfill this role currently. The language of the contract for 2022-2023 remains the same. As such, staff is seeking Council's approval of an amendment for both the police department and the fire department contracts with ECSO. The approval of this amendment extends the City's contracts with ECSO through June 30, 2023.
