**ASHLAND PLANNING DIVISION  
PRE-APPLICATION CONFERENCE  
COMMENT SHEET**  
December 21, 2022

**SITE:** 551 Taylor  
**APPLICANT:** David  
**REQUEST:** Conditional Use Permit for expansion of non-conforming structure.

**PLANNING DIVISION COMMENTS**

*This pre-application conference is intended to highlight significant issues before the applicant prepares and submits a formal application.*

**Summary:** The proposal requires a Conditional Use Permit to expand a non-conforming structure.

### **AMC 18.1.4.030 - Nonconforming Structures**

**A. Exempt Alterations.** A nonconforming structure may be altered as follows, subject to approval of required building permits:

1. Additions and alterations are permitted if the improvement, evaluated separately from the existing structure, conforms to this ordinance.
2. Restoration, rehabilitation, repair, and maintenance of a nonconforming structure (e.g., roof repair, upgrading electrical systems, and similar work) are permitted where all of the following standards are met:
  - a. The structure is not changed in size or shape (i.e., three-dimensional building envelope must not change including but not limited to building footprint, mass, volume, roof shape, and height).
  - b. Not more than 40 percent of any exterior building wall and not more than 50 percent of the building floor area is permanently removed; where a larger alteration is proposed, approval of a conditional use permit is required.
  - c. Where temporary or permanent removal of a building wall or floor area is proposed, the owner shall submit with a building permit application a construction management plan that documents existing building conditions, proposed methods of construction, and proposed building plans.
3. Reconstruction of garages and sheds if the use is not changed...

**B. Planning Approval Required.** A nonconforming structure may be altered (i.e., reconstructed, enlarged, or modified) subject to approval of a conditional use permit under chapter [18.5.4](#) and approval of required building permits, except that a planning action is not required for exempt alterations described in subsection [18.1.4.030.A](#), above. A nonconforming structure may be rebuilt pursuant to this subsection, provided in a historic district the applicant must demonstrate that restoration is not practicable.

### **CONDITIONAL USE PERMIT**

The application must address the following approval criteria from AMC 18.5.4.050.A for a Conditional Use Permit.

#### **18.5.4.050 Conditional Use Permit Approval Criteria**

1. That the use would be in conformance with all standards within the zoning district in which the use is proposed to be located, and in conformance with relevant Comprehensive plan policies that are not implemented by any City, State, or Federal law or program.
2. That adequate capacity of City facilities for water, sewer, electricity, urban storm drainage, paved access to and throughout the development, and adequate transportation can and will be provided to the subject property.
3. That the conditional use will have no greater adverse material effect on the livability of the impact area when compared to the development of the subject lot with the target use of the zone, pursuant with subsection [18.5.4.050.A.5](#), below. When evaluating the effect of the proposed use on the impact area, the following factors of livability of the impact

area shall be considered in relation to the target use of the zone.

- a. Similarity in scale, bulk, and coverage.
  - b. Generation of traffic and effects on surrounding streets. Increases in pedestrian, bicycle, and mass transit use are considered beneficial regardless of capacity of facilities.
  - c. Architectural compatibility with the impact area.
  - d. Air quality, including the generation of dust, odors, or other environmental pollutants.
  - e. Generation of noise, light, and glare.
  - f. The development of adjacent properties as envisioned in the Comprehensive Plan.
  - g. Other factors found to be relevant by the approval authority for review of the proposed use.
4. A conditional use permit shall not allow a use that is prohibited or one that is not permitted pursuant to this ordinance.
  5. For the purposes of reviewing conditional use permit applications for conformity with the approval criteria of this subsection, the target uses of each zone are as follows.....

Property was subdivided in 1961, home was built in 1964 predating OR landuse and local regulations.

**BUILDING:** Please contact the Building Division for any building codes-related questions at 541-488-5305.

**CONSERVATION:** For more information on available water conservation programs, including any available appliance rebates or assistance with landscaping and irrigation system requirements, please contact Water Conservation Specialist Julie Smitherman of Conservation Division at 541-552-2062 or via e-mail to [julie.smitherman@ashland.or.us](mailto:julie.smitherman@ashland.or.us) . For information on any financial or technical assistance available for the construction of Earth Advantage/Energy Star buildings, please contact Conservation Analyst/Inspector Dan Cunningham at 541-552-2063 or via e-mail to [dan.cunningham@ashland.or.us](mailto:dan.cunningham@ashland.or.us)

**ENGINEERING:** No comments. Please contact Karl Johnson of the Engineering Division for any Public Works/Engineering information at 541-552-2415 or via e-mail to [karl.johnson@ashland.or.us](mailto:karl.johnson@ashland.or.us) .

**FIRE:** No comments at this time. Please contact Ralph Sartain from the Fire Department for any Fire Department-related information at 541-552-2229 or via e-mail to [ralph.sartain@ashland.or.us](mailto:ralph.sartain@ashland.or.us).

**WATER AND SEWER SERVICE:** If the project requires additional water services or upgrades to existing services the Ashland Water Department will excavate and install in the city right of way all water services up to and including the meter on domestic and commercial water lines. If a fire line is required, the water department will also only install a stub out to the location where the double detector check assembly complete with a Badger brand cubic foot bypass meter should be placed in a vault external to the building. The vault and the DCDA device housed in it are the responsibility of the property owner and should be placed at the property line. Fees for these installations are paid to the water department and are based on a time and materials quote to the developer or contractor. Meter sizes and fire line diameters will need to be provided to the Water Department at the time of a quote being requested. Please Contact Steve Walker at [541-552-2326](tel:541-552-2326) or ( [walkers@ashland.or.us](mailto:walkers@ashland.or.us) ) with any questions regarding water utilities.

**ELECTRIC SERVICE:** “If existing service needs to be upgraded or existing underground service is not large enough, excavation and conduit may be required from transformer.” Please contact Dave Tygerson in the Electric Department for service requirements and connect fee information at (541) 552-2389 or via e-mail to [tygersod@ashland.or.us](mailto:tygersod@ashland.or.us). Dave will arrange an on-site meeting, and develop a preliminary electrical service plan for the site. Please allow additional time to accommodate scheduling of this on-site meeting and preparing the preliminary plan. Submittals will not be deemed complete without a preliminary approved plan from the Electric Department.

## **PROCEDURE**

Conditional use permits are subject to a “Type I” procedure which includes an administrative decision made following public notice and a public comment period. Type I decisions provide an opportunity for appeal to the Planning Commission.

## **APPLICATION REQUIREMENTS**

### **Submittal Information.**

The application is required to include all of the following information.

- a. The information requested on the application form at <http://www.ashland.or.us/Files/Zoning%20Permit%20Application.pdf> .
