New Fire Adapted Community Coordinator hired

Welcome Katie Gible as Ashland Fire & Rescue's new FAC Coordinator. According to Katie, she has a diverse history preparing communities for wildfire. In Utah and Idaho, she worked for the Division of Forestry, Fire & State Lands, for the City of Boise's Wildfire Mitigation Team, and as a geoscience graduate student at Boise State University. In these positions, she managed grants to reduce wildfire fuels on city and public land in the Salt Lake metropolitan area, worked with Boise residents to identify wildfire risks around their homes, and researched post-fire erosion potential threatening the City of Boise. Katie is eager to transfer her knowledge to the City of Ashland, and to get to know the citizens that make this community resilient to wildfire. Katie still makes home visits to perform wildfire home risk assessments and to visit permit requests under the Ashland's innovative Wildfire Safety Ordinance, which marks its one-year anniversary. Feel free to say hello or, better yet, sign up for a wildfire home risk assessment.
