Question 12

We moved here in 2018 and were shocked by the lack of weed control especially along Tolman creek road between Ashland and Siskiyou. We also notice the city does not maintain the area between sidewalks and streets. Street sweepers are seldom seen. Private landscaping is so overgrown as to appear to be a dangerous fire hazard. Visibility at corners is another concern. One must pull considerably forward to view oncoming traffic. Obstructing bushes and trees should be cut back. The nicest work the city does is the center parkway on Siskiyou. Thank you for that nice stretch of road.
